ilustrácie **Honza Smolík**

Od zápisu do lavice

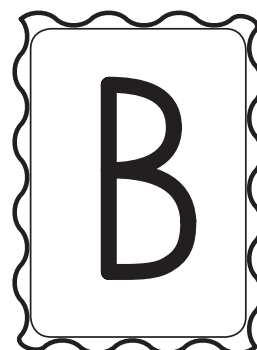

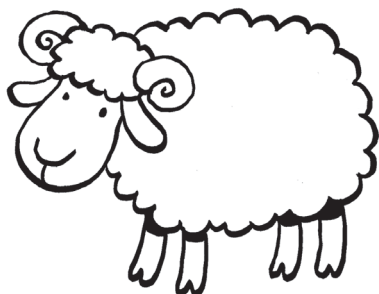

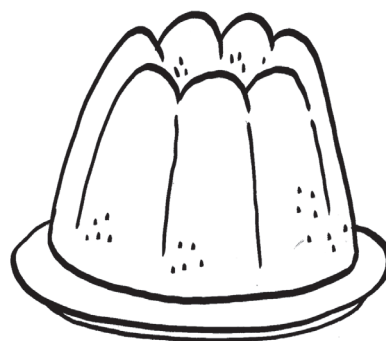

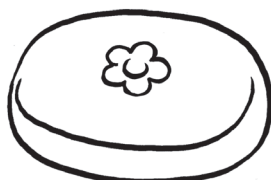

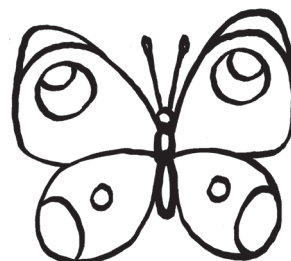

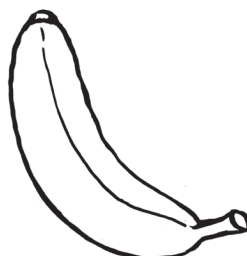

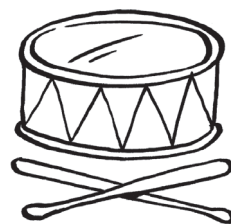

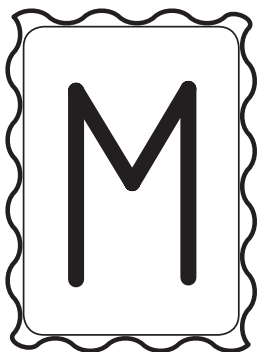

Súbor pracovných listov
na optimálny rozvoj schopností
a zručností predškolákov

pre deti 5 – 7 rokov

- Vyfarbi pod obrázkami toľko krúžkov, koľko má slovo slabík.
- Pri jednoslabičných vyfarbi celý obrázok.

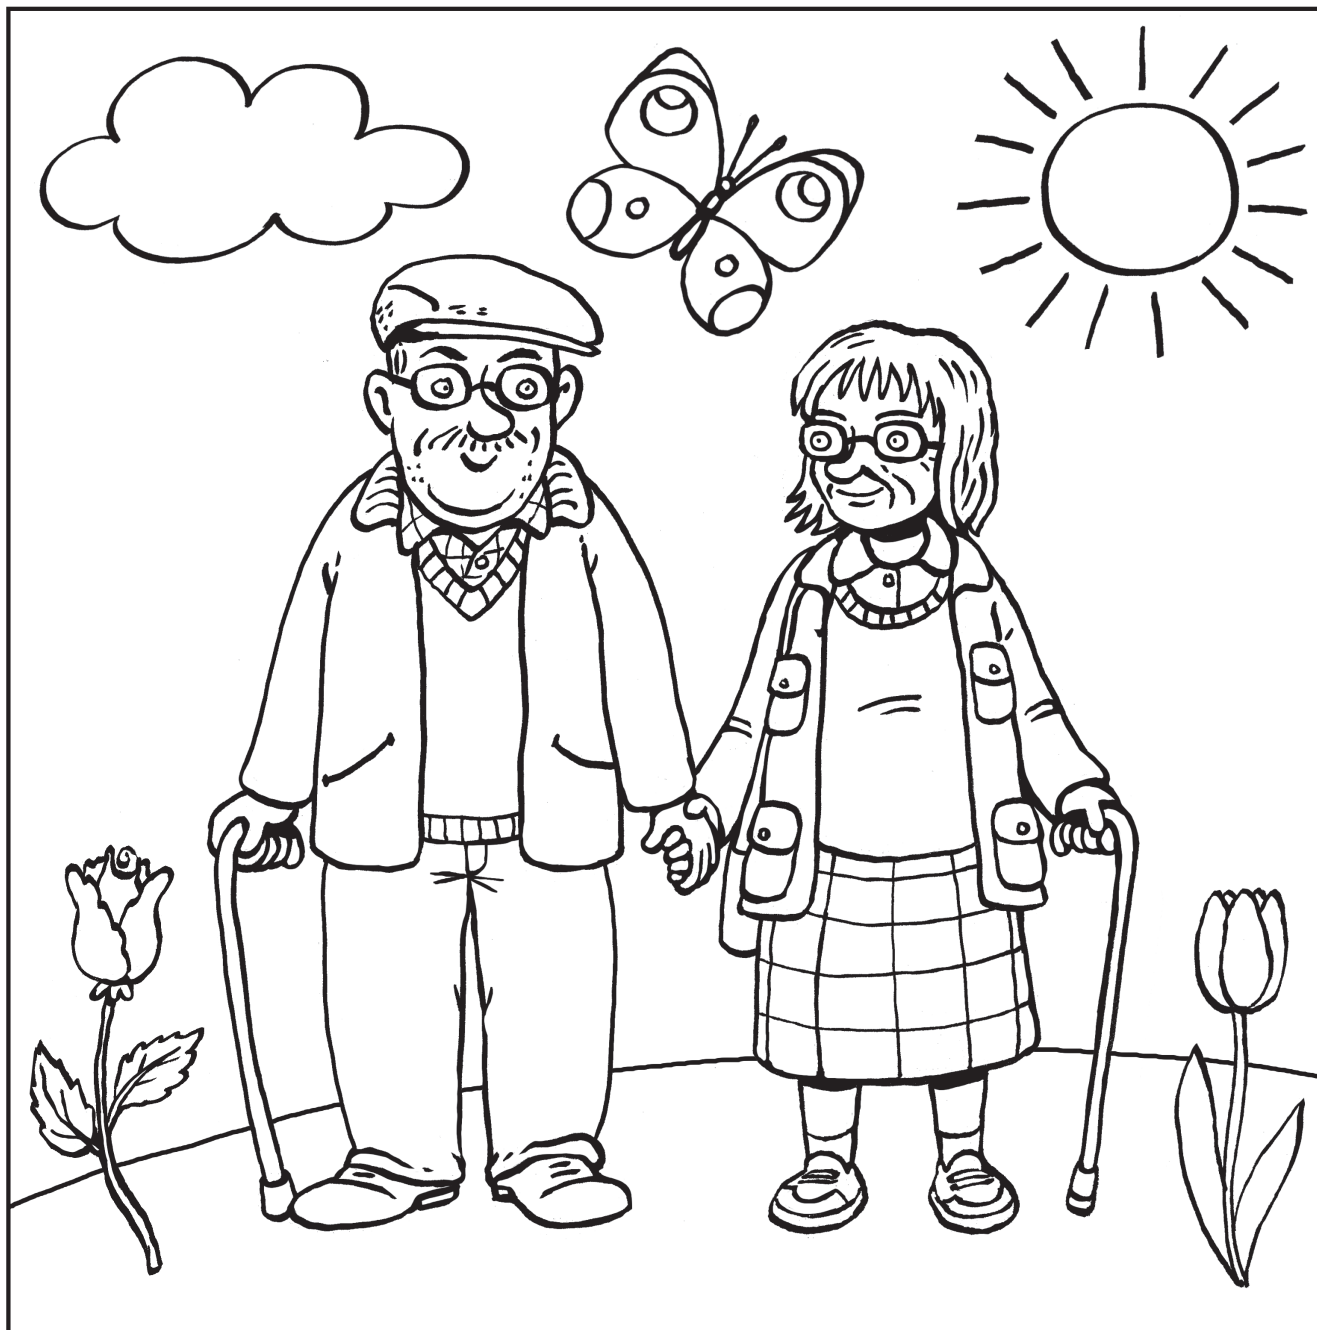

- Písmeno **M** vyfarbi modrou farbou a rovnako vyfarbi aj slová, ktoré sa na **M** začínajú.
- Písmeno **B** vyfarbi žltou farbou a rovnako vyfarbi aj slová, ktoré sa na **B** začínajú.

■ Škrtni v každom riadku chybu. V riadku môže byť jedna chyba, viac chýb alebo nemusí byť žiadna.

- Vyfarbi si obrázok podľa svojej fantázie.
- Čiarou spoj slovo s písmenkom podľa toho, na ktoré písmeno sa začína. Ak ešte nepoznáš písmenká, popros mamičku, nech ti slová povie.
- Čo počuješ úplne na začiatku v slovách: mrak, slniečko, deduško, motýlik, babička, ruža a tulipán?

■ Dokresli podľa prvej tváre v rade ďalšie obrázky. Na každom z nich niečo chýba.

- Zakrúžkuj všetky mačky, ktorým na tvári nič nechýba.
- Ostatným mačkám potom dokresli farebnou pastelkou tú časť tváre, ktorá im chýba.
